BENEFITS OF SPONSORING BUDDHA STATUES

The Buddha said: “In future when sentient beings make offering of Buddha statues, the amount of merits is equivalent to making offering to me”. Offerings and prostrations made to the Buddha Statues are the same as being done to the Buddha. They become immediate cause of enlightenment alleviate sufferings, induce happiness and bring about a good rebirth in many lifetimes.

One gains the merits as long as the Buddha statue lasts and would also gain merits whenever others pray to it. Therefore, those who contribute to the virtue of building the Precious Buddha Statues would receive immeasurable merits and bonding with the Buddha.
